

KIIT TBI and its various activities

KIIT-Technology Business Incubator (KIIT-TBI), recipient of National Award for TBI in 2017 is a not-for-profit incubator established in 2009, as an initiative of KIIT Deemed to be University, Bhubaneswar and is supported by government bodies like NSTEDB, DST, MeitY, MSME, BIRAC, TDB to boost the entrepreneurial ecosystem in the country.

Today KIIT-TBI is recognized as a “Centre of Excellence in Incubation” awarded by DST, Govt of India. As a Technology Business Incubator, it has been networked with all TBIs in the country through various networks like ISBA through which the organization is networked with AABI (Asia Pacific), European UKBI and US NBIA. It is also a member of the Asia Pacific Incubator Network (APIN). Over the years, KIIT-TBI has been working as an implementing partner of various government sponsored flagship funding and fellowship programs like DST - NIDHI EIR and PRAYAS, DBT BIRAC - Biotechnology Ignition Grant, Boeing India - BUILD Program, DBT BIRAC – Social Innovation Immersion Programme, Invest India – Agriculture Grand Challenge and many more. Recently, KIIT-TBI has been recognized as one of the satellite centers for DST-CAWACH Program and MeitY SASACT Program. The DBT BIRAC has established one of its regional centers (BRTC) at KIIT -TBI to promote the startup ecosystem in east and northeast regions of India and SPARSH center to address the problems of societal relevance through technological solutions. MSME, Govt. of India has established SFURTI Centre at KIIT-TBI to promote cluster development. KIIT-TBI is also identified as the Nodal Incubator to set up Food Testing Lab facility by Startup Odisha. Recently, DBT BIRAC announced to establish one of the Technology Transfer Offices in KIIT-TBI.

KIIT-TBI provides an appropriate platform and environment with a world-class infrastructure of around 120,000 sq. ft. that offers a wide range of incubation facilities and services to the prospective entrepreneurs to convert their innovative ideas into commercially viable products and till date, it has already incubated and mentored 200+ startups and filed 80+ IPs.

KIIT-TBI is incubating startups in the domain of IT and Engineering, Cleantech, Healthcare and Life Sciences, Biotechnology, Agri and Food Tech and other social innovation areas. KIIT-TBI always holds the door wide open to welcome innovations to grow into businesses by its stimulating and enterprising ecosystem.

Objectives:

- Create awareness among the students & graduates of the importance of small and medium business houses towards community development.
- Identify potential entrepreneurs and nurture and support them to develop independent self-sustaining business.

- To foster linkages between the parent institution, industries and R & D institutions in the region and other related organizations engaged in promoting small and medium enterprises including NGOs & other voluntary organizations.
- To catalyze and promote development of S & T based enterprises and promote employment opportunities.
- To provide a platform for speedy commercialization of the research and technologies developed in the institutes.

Function:

- Build appropriate training programmes suitable for socio – economic culture of Odisha.
- Identify market niche for technology products and services to be addressed.
- Train the entrepreneurs in technology and business management.
- Offer the professional business development services for the entrepreneurs who have mature concepts for unique and innovative products assessed to have strong commercial viability.
- Provide platform for IPR protection, technology transfer and commercialization facility for the innovators.

Events Conducted by KIIT TBI from 2023 onwards

- **Workshop on Protecting Your Business: Legal Compliance Essentials for Start-ups!**
The program, led by *CA Shamik Ukil*, aimed to equip budding entrepreneurs with essential knowledge of legal compliance, fostering long-term success and security. The inaugural session on "Legal Compliance" saw enthusiastic participation and engagement.

Cohort Size: 40

Impact: Interactive one-on-one discussions with 12 early-stage innovators enhanced engagement, providing personalized guidance and addressing specific concerns.

- **DST NIDHI Accelerator Program "Xlerate 3.0".**

This six-month program was designed to accelerate the growth of early-stage startups, empowering them to refine their business strategies, enhance market readiness, and attract investments.

Cohort Size: 14

Impact: 8 secured follow-up funding.

- **SPARK-Igniting Innovation, and Entrepreneurship, at Nagaland University.**

The event aimed to inspire and empower aspiring innovators and entrepreneurs by providing them with the tools, mentorship, and resources needed to transform ideas into impactful ventures.

Cohort Size: 100+

Impact: The leadership pledged to establish an innovation and technology hub has transformed the state's entrepreneurial landscape, inspiring a culture of innovation and progress.

- **UK-India Health-tech Bootcamp 2023.**

The winners of the UK-India Health-tech Bootcamp were announced at the British High Commission, New Delhi. This collaborative initiative by KIIT-TBI and BCKIC Foundation, supported by the British High Commission and Yorkshire & Humber Academic Health Science Network, aims to drive innovation and collaboration in the health-tech sector.

Cohort Size: 25

Impact: Presided over by Lord Tariq Ahmed, the event celebrated 6 exceptional startups selected for a fully funded program in the UK, fostering global opportunities, strengthening UK-India ties, and accelerating growth in the health-tech ecosystem.

- **Future Skilling Session on "Users Acquisition with Multilingual Internet and Universal Acceptance".**

Organised in collaboration with FICCI ILIA and the Local India UA Chapter, the event emphasized the role of these concepts in driving business growth and highlighted their importance for success in the digital era.

Cohort Size: 60

Impact: 20+ participants expressed keen interest in connecting for deeper insights and collaborations.

- **DST, GoI FarmTech Accelerator Program**

In collaboration with Ankur Seeds Pvt. Ltd. and Menterra Ventures, this program is dedicated to nurturing and empowering agricultural technology startups.

Cohort Size: 30

Impact: 5+ secured follow-up investment.

- **G20-CSAR Roundtable on Diversity, Equity, Inclusion, and Accessibility in Science and Technology.**

Organized jointly by DBT ILS & BCKIC, in association with IIT BBSR, Ramadevi University & NIF India, focused on the theme of "Diversity, Equity, Inclusion, and Accessibility in Science and Technology," shedding light on the importance of embracing these principles in our pursuit of innovation.

Cohort Size: 70+

- **Beyond Grants: Learn from the Start-up Success Stories**

These sessions serve platforms for mature and successful startups to recount their challenges, set backs and the strategies they employed to overcome them, leading them to eventual success. This workshop aimed to inspire the early-stage start-ups and innovators to dream big, set ambitious goals and strive for greatness, reinforcing the belief that with dedication and hard work, anything is possible.

Cohort Size: 50+

Impact: 4 established ventures shared their journeys | 30+ participants expressed interest in further mentorship.

- **Autotech Hackathon Program.**

Organised by Ashok Leyland, this aimed to scout the innovative ideas in the commercial vehicle mobility sector.

Cohort Size: 12

Impact: 3 winners to work with Ashok Leyland for further development.

- **Odisha Clinician Meet on the 3D Printing Technology in Medical Application.**

The Centre of Excellence at KIIT Technology Business Incubator, supported by the Department of Science and Technology, Govt. of India, organized the Clinicians Peer Support Program on advanced 3D printing technology for medical applications in partnership with Stratasys and DesignTech Systems.

Cohort Size: 60 from premier institutions such as AIIMS Bhubaneswar, SCB Medical College, and KIMS |15+ innovative applications of 3D printing technology for healthcare challenges.

Impact: 10+ secured follow-up funding

- **DefendX Accelerator Program.**

Organised by the DRDO and TDB, GoI, this one-month accelerator was dedicated to empowering startups in the defense technology domain to reach new heights of success.

Cohort Size: 25

- **2-Day RSN Formative Workshop.**

The workshop aimed to boost entrepreneurial capacity in South Asian countries. The workshop offered valuable insights and networking opportunities for the participating startups

Cohort: 20

Impact: 5+ secured follow-up funding.

- **2-Day Workshop on the "Building Sustainable Incubation Ecosystem".**

Organised by the BioNEST Interdisciplinary School of Lifesciences (ISLS) and the School of Biotechnology at BHU, the primary objective of this program was to raise awareness about best practices in building a sustainable incubation ecosystem.

Cohort Size: 100+

Impact: Networking Opportunities | Collaborations Formed | Ecosystem Awareness | Actionable Strategies.

- **SPARK-O-THON**

The event emphasized empowering the next generation of innovators, providing them with the tools and guidance needed to transform their ideas into successful ventures.

Cohort: 10 schools | 1000+ students

Impact: Top 3 ideas from each school were felicitated

- **G20 Digital Innovation Alliance Mega Summit.**

Organised by MeitY Startup Hub in partnership with FICCI, the event aimed at showcasing digital innovations. Dr. Mrutyunjay Suar, CEO of KIIT-TBI, contributed to the summit by moderating a key panel discussion and presenting an impactful report on KIIT-TBI's contributions to India's tech ecosystem, further emphasizing the role of innovation in driving the nation's digital future.

Impact: 6 startups showcase | 3 action-packed days of product exhibitions and networking | Diverse audience of visitors and delegates from across the digital innovation landscape.

- **S20 Regional Event under G20 India.**

The S20 regional event highlighted Bhubaneswar's growing innovation ecosystem and its role in fostering scientific collaboration.

Cohort: 500+

Impact: 2 pivotal documents, the National Nitrogen Policy and the Compendium of Deployable Technologies, were launched.

- **Boeing BUILD 3.0 Sensitization Camp.**

These camps are designed to spread the word and generate interest in the program, with a special focus on engaging innovators in the northeastern regions of India. The Sensitization Camps serve as a dynamic platform where innovators can step forward and present their problem statements, with a particular emphasis on Sustainability, Technology, Aerospace/Defence & Social Impact related sectors.

- **Digital Health-Tech Accelerator Program.**

During this intensive program, these startups were provided with invaluable mentorship and guidance from experts in the field. Topics ranged from healthcare product development and design thinking to point-of-care diagnostics using bio sensors. The goal was to equip these startups with the knowledge and skills needed to take their innovations to the next level.

Cohort: 30

Impact: 5+ secured follow-up funding.

- **AWE (Academy for Women Entrepreneurs) Mini Bootcamp.**

In a collaborative effort by the U.S. Consulate General Hyderabad, this unique initiative blended online learning with in-class discussions, mentorship, and engagement with local business leaders.

Cohort: 100+

Impact: Networking and collaboration | Competitive business landscape and transcend conventional boundaries.

- **Start-up Yatra 3.0**

A visionary initiative by the Odisha Government, is driving the state's transformation into a thriving hub for startups and entrepreneurship. This journey is designed to discover hidden talents and innovative ideas, with boot camps following the van campaigns, where participants can pitch their concepts.

Cohort: 3000+

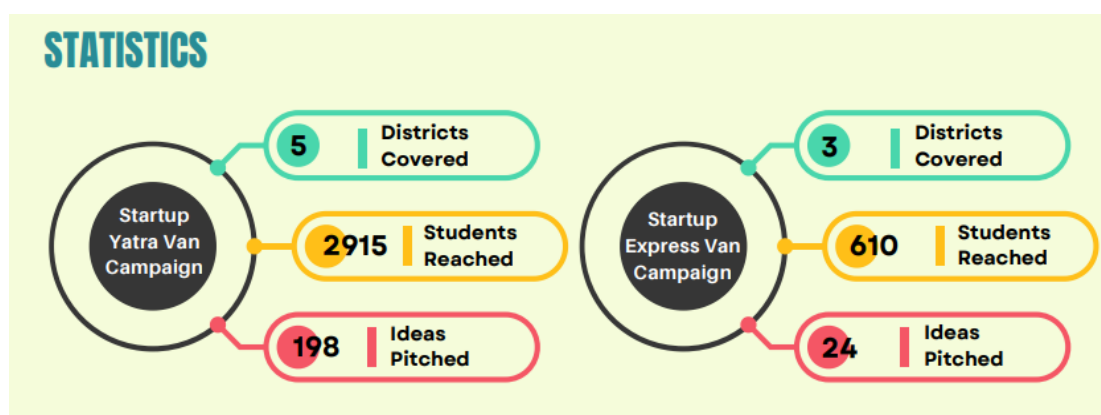

Impact: The most promising ideas will be selected for nurturing, fostering innovation, job creation, and economic growth in the region.

- **NE Megha Start-up Expo.**

The Expo highlighted innovative solutions, entrepreneurial spirit, and the power of collaboration in driving positive change in the region.

Cohort: 70+

Impact: Networking and collaboration.

- **2-Day RSN Formative Workshop Empowering Indian Startups.**

Aimed to enhance their entrepreneurial capacity, with a focus on South Asian countries including Bangladesh, Bhutan, India, and Nepal.

Cohort: 20

Impact: Built a community of innovative problem solvers.

- **2-Day IPR Workshop for DBT BIRAC BIG NE Innovators.**
A workshop on Intellectual Property Rights and patent filing included masterclasses and one-on-one mentoring, empowering participants with essential skills to navigate patenting in biotechnology.

Cohort:

40+

Impact: 6 approached for IP Filing.

- **DefTech Connect 2024.**

The event, in partnership with DIO, Ministry of Defence, TDF Scheme, DRDO, and BCKIC, featured inspiring discussions and presentations on cutting-edge defense technologies. Key sessions covered topics like autonomous UAV systems, indigenization of materials, and emerging trends in defense innovation, fostering collaboration and shaping the future of defense startups.

Cohort: 60+

Impact: 12 were scouted for IDEX Program.

- **2-Day IPR Workshop for DST Innovators.**

A workshop on Intellectual Property Rights and patent filing included masterclasses and one-on-one mentoring, empowering participants with essential skills to navigate patenting in biotechnology.

Cohort: 60+

Impact: 22 approached for IP Filing.

- **Innovator Connect Tandem 2023.**

This embarked on a transformative journey of learning and collaboration. The program featured sessions on design thinking, product development, IP frameworks, and business strategies, complemented by one-on-one mentoring and startup showcases. Participants engaged in mock pitches, received valuable feedback, and explored cultural landmarks, fostering innovation, networking, and camaraderie.

- **People Festivals for Innovations-2023: A Showcase of NE, J&K & Ladakh Biotech Startups.**

With themes on Deep-tech and Grassroots Innovations in Healthcare, Agriculture, and Animal Health, the event highlighted startups from Northeast, J&K, and Ladakh, including those associated with KIIT-TBI, celebrated India's biotech landscape with over 100 innovators showcasing impactful solutions.

Cohort: 100+

- **Global Bio India 2023.**

The event aimed to showcase India's potential in the biotechnology sector to the world as well as to serve as a platform for fostering collaboration, innovation, and growth within the biotechnology sector on a global scale.

Cohort: 500+

- **Polymer Connect Conference 2023.**

○

KEY HIGHLIGHTS			
20+ EMINENT SPEAKERS	15+ INDUSTRIES	40+ INSTITUTES ENGAGED	10+ TECHNOLOGY PITCH
100+ RESEARCH SUBMISSIONS	40+ POSTER PRESENTATION	10+ STARTUP SHOWCASE	MOU EXCHANGE

- **BOEING BUILD 3.0**

A comprehensive 3 days bootcamp with the main goal of focusing on the critical facets of startup development from Idea generation to Product development, Team building, funding opportunities, Go-to market strategy and the intricacies of the IP and legal framework.

Cohort: 11 startups

Impact: 4 startups were selected for the National Finals at the Boeing Headquarters in Bengaluru.

- **Catch Them Young Program**

KIIT international school in collaboration with KIIT TBI & BCKIC Foundation organised a one day event, bringing together the budding entrepreneurs with innovative mindsets from different schools across Odisha under one roof. The event had an exhilarating Hackathon and Science Projects Showcase as a part of the programme.

Cohort: 250 students

- **CAPACITY BUILDING PROGRAMS BY KIIT- TBI TTO:**

KIIT TBI Technology Transfer Office, in collaboration with various institutions organised a series of engaging events emphasising on the importance of Intellectual Property (IP) in driving innovation.

Participants learned about the complexities of IP protection and its role in shaping the future advancements.

- **National Conference on BLUE ECONOMY**

The National Conference on Blue Economy was hosted by KIIT TBI & BCKIC Foundation featuring sessions on spanning the marine biomanufacturing, smart aquaculture, coastal & deep sea mining, offshore energy, marine pollution, biodiversity conservation, Disaster Management, AI for marine resources, climate change, seaweed cultivation and artificial reef construction.

Cohort: 500+ participants from across the country

- **World IP Day 2024 Symposium**

On the occasion of World IP Day, KIIT TBI TTO hosted a series of events in collaboration with other institutions with the aim of raising awareness about the intellectual property and its role in

achieving sustainable development goals (SDG). The theme of the event was “IP and the SDGs: Building our Common Future with Innovation and creativity.”

Cohort: 150+ participants

- **ATL Teachers’ Meet - Catch Them Young Program**

DST NIDHI Centre of Excellence (CoE) at KIIT TBI in collaboration with BCKIC Foundation organized the ATL Teachers’ Meet as the inaugural program of the Catch Them Young event where the participants from districts across Odisha engaged in the enriching group discussions and got insights from the sessions taken by the experts.

Cohort: 100+ participants

Impact: The ATL representatives gained first hand exposure to the cutting edge innovation infrastructure. they also got an overview of the upcoming events to be organised under the Catch Them Young Program.

- **UK - INDIA healthtech Bootcamp**

This event was organised jointly by KIIT TBI, BCKIC Foundation & the British High Commission of India. The sessions of the event provide deep insights on the UK India healthtech market, clinical processes, procurement pathways and visa procedures.

Cohort: 28 participants

Impact: The winners of the bootcamp will get a chance to collaborate with the UK's top health institutions, paving the way for a global impact in the health-tech sector.

- **ODISHA IP YATRA**

A two days event was organised by KIIT TBI TTO in collaboration with the Chattisgarh Council of Science & Technology which featured engaging technical talks and panel discussions on intellectual properties, commercialization and funding opportunities for startups and MSMEs.

- **7th Investor Connect Program:**

MeitY Startup Hub, MeitY, GoI in collaboration with KIIT TBI conducted the 7th Chapter of Investor Connect Program. The event witnessed technology showcase from the startups which aimed at giving an overview of the Startup development and technicality whereas the pitching was more focussed on the business model and ROI.

Cohort: 10 startups

Impact: The startups generated their Expression of Interest (EOIs) from the investors who attended the event.

- **Hosting the MeitY officials to celebrate the startups' achievements.**
KIIT TBI got the privilege to showcase the achievements of the startups supported under the schemes of MSH to the MeitY officials during their visit

- **UK-India Strategic Trade Workshop**

KIIT-TBI hosted this vital workshop in collaboration with Bhubaneswar City Knowledge Innovation Cluster Foundation, UKRI India-STFC Food Network+, University of York, and the Ministry of Agriculture & Farmers Welfare, Government of India to explore innovative ideas in building a resilient future for millet value chains across state, national, and global levels.

- **Global Bio-India Roadshow - Clinician Peer Support Program (CPSP) 2024**

This dynamic event offered healthcare professionals, researchers, startups, and students an exclusive opportunity to dive into the world of medical innovation. From funding opportunities to cutting-edge 3D printing and scanning technology, it turned out to be a gateway to connect with the industry leaders and enhance their expertise.

Cohort: 70+ participants

- **Startup Ignite: Turbocharging Your Venture in 48 Hours**

An engaging and high-energy two-days workshop was conducted for the DST NIDHI innovators which aimed at driving innovation and entrepreneurial success. The sessions covered crucial entrepreneurial topics, offering valuable insights into building and scaling their ventures.

Cohort: 60 participants

Impact: The innovators got mentoring and guidance from the expert. The innovators from the DST call 14 were newly onboarded and the innovators from the calls 12 & 13 had their progress review meeting.

- **KIIT TBI at Global Bio India 2024**

From 12th to 14th September, KIIT-TBI actively participated in Global Bio India 2024 in Delhi, engaging with stakeholders across the bio-innovation ecosystem. We were glad to be a part of all the strategic interactions, Ministerial Visit, Leadership engagements and the startup showcase.

- **"Globelics-IndiaLICS International Conference."**

KIIT-TBI in collaboration with Bhubaneswar City Knowledge Innovation Cluster Foundation, School of Economics and Commerce , Kalinga Institute of Industrial Technology, Bhubaneswar, successfully hosted the "Globelics-IndiaLICS International Conference - a multidisciplinary event on explore how learning, innovation and competence can promote inclusive and sustainable development across developing nations, emerging economies, and societies in transition. **Cohort:** 200+ scholars, academicians, policymakers and innovators.

- **IP Clinic Program.**

In collaboration with BIRAC, an IP Clinic program was organised for the startups supported under the scheme of BIRAC where the participants got valuable insights on intellectual property rights and expert strategies for protecting and commercializing their innovations.

- **2-days Application Training cum Workshop on "Flow Cytometry and Key Instruments for Molecular Biology and Cell Biology Research**

This program was conducted by KIIT TBI & BCKIC in collaboration with Thermofisher Scientific where the participants from the other institutions got a hands on learning experience in Flow Cytometry and Key Instruments for Molecular Biology and Cell Biology Research.

Cohort: 60+ participants

- **Webinar on Growth Hacking Strategies for Startups**

Our incubated startups, supported under the DST and MeitY schemes, had the opportunity to master the fundamentals of growth hacking, learn cost-effective strategies to accelerate their startup's growth and explore real-world case studies of successful startup growth tactics.

Cohort: 30 participants

- **Basic Programme on Financing Agri Startups - BIRD, NABARD**

This comprehensive training program equipped the bankers from the rural banks with valuable insights and strategies on lending financial support to the agri startups for their ventures - From understanding their financing mechanisms to learning about the investor readiness

Cohort: 30 participants

Few Success Story

Pro-Biochem India Private Limited

Founder: Md. Gulebahar Sheikh

Pro-Biochem strive to become one of the leading suppliers of Chemicals and Biochemicals, generated from waste and especially agricultural waste. The company carries out advanced R&D in manufacturing composite materials and Bio-based Nanomaterials as it grows to become an indigenous source of bio-based products for a wide range of related Industrial sectors.

WEBSITE: <http://www.kiitincubator.in/KIIT>

Products: Cellulose Powder, Alpha Cellulose, Silica Gel, Microcrystalline cellulose, Nutrient Salt

USP:

Technology Enabling Centre (KIIT TEC)

- The agricultural waste like rice husk are repurposed and are converted into value added products.
- Looks into the training and contract research for process development in food and Agro-waste conversion.
- Ventures into novel natural composite materials to develop unique products for the plastic and construction industry.

 **PRO-BIOKEM INDIA**

Cellulose Powder

Silica Gel

Green Biotech Ecosolutions Private Limited

Founder: Ms. Geetashori Yumnam

Green Biotech is a research based farming input biotech manufactures and marketing enterprise based in Manipur, India. The enterprise is focus on bio solutions for Crops, Soils, Animal husbandary, Aquaculture and Environment Management Inputs. Currently they are working in Development of probiotic for livestock management for sustainable income.

USP:

- Improve animal intestinal health, growth rate, feed efficiency and food safety
- Effective for multiple livestock
- Purely Organic product
- Improve immune system
- Optimized for the disease like diarrhea of livestock in NER

Waste To Wealth Innovative Technologies LLP

Founder: Dr. Shaon Ray Chaudhuri

Waste to wealth innovative technologies LLP is currently working on adequate microbial treatment of dairy waste water for converting it into liquid biofertilizer that replaces use of chemical fertilizer & fresh water for irrigation. In addition it enhances production of economic crops & release 90% less CO₂.

USP:

- A customized tailor-made microbial consortium for different types of wastewater treatment with value added product development.
- It enhances production of economic crops, released 90% less CO₂ equivalent gases while cutting down on the CAPEX and OPEX substantially.
- It would sustain growth of dairies irrespective of its scale, encourage farmers to get into organic farming with increased earning (as yield is higher than chemical fertilizer and organic food is more expensive than chemical fertilizer grown food), protect environment from chemical fertilizer leaching (as it will be replaced) and CO₂ equivalent gas emission while preserving fresh water for portable application.

Prototype of 9m³/day processing capacity.

Bariflo Labs Private Limited

Founder: Mr. Mrityunjay Sahu

Bariflo-labs Private Limited is industry-4.0 compliant start-up. Its expertise centers on AI, IoT, Block-chain, Robotics and fluid dynamics. It offers intelligent solutions to stakeholders by integration of local intelligence by understanding the solution. They are currently working on an intelligent mobile multipurpose dispenser and its integration with in-house developed aquaculture management system.

USP:

- Auto Navigation based on the presence of species and the waste
- Integration with Aeration and monitoring
- Feeding based on climatic condition and water quality changes
- Feed pattern identification based on growth and climatic condition
- Smearing of waste from the water surface
- Remote operation and management

Sediment Aeration System

Monitoring System

Miraques Medsolutions Private Limited

Founder: Mr. Sabir Hossain

Miraques Medsolutions is a medtech based startup which has developed a compound called "StopBleed", which can stop post-trauma bleedings in 40 seconds. The powder form makes it flexible to use in any severity, size, and shape of the wounds. StopBleed also works with people having blood clotting disorders and has healing properties.

Awards Received:

- Selected for the INTERNATIONAL ACCELERATOR Global, Texas, 2020
- Winner of Birla Global Innovation Challenge, 2020.
- Winner of MassChallenge Israel'2019 cohort.
- "Dare to Dream" innovation award by DRDO, India, 2019.
- World's TOP 500 deep-tech startups by Hello Tomorrow, 2018

Funding Received:

- NIDHI Prayas. Funds received: 7.00 lakhs
- BIRAC BIG-12 call. Funds received: 49.60 lakhs.
- BIRAC Seed Fund. Funds received: 25 lakhs.
- Equity free funding. Funds received: 1.2 Crs

Ameliorate Biotech Private Limited

Founder: Dr. Rashbehari Tunga

With an aim of making life better, Ameliorate strives to develop innovative technologies and improved processes and provide solutions to give cost effective, affordable products without compromising on quality and safety. The products address the unmet needs in Early Stage Diagnostics, Bio-Similars and Nutraceuticals.

Awards Received

- GOLD WINNER OF AAROHAN AWARDS 2019
- Best pitch winner 2018 by Wadhvani foundation
- Elevate- top 100 winner by KBITS (Karnataka Govt)
- TOP 9 start-up from DERBI
- Women Entrepreneur achiever award 2018-19 – DMA

Funding Received

- Villgro USA
- BIRAC BIG 10th call. Funds: 49.50 lakhs
- Vinners

KIIT Technology Enabling Centre

KIIT Technology Enabling Centre (KIIT-TEC) is established at R&D building, Campus-3, KIIT DU with the support from the Department of Science and Technology (DST), Government of India. It acts as an enabler to built a hub and spokes model among Industries and Academia to solve the existing problems of the industries in and around with efficient use of the research facilities of the academia. Further KIIT-Tec will act as a facilitator to create an ecosystem to boost innovation and commercialize the existing and newly developed technologies in and around.

KIIT_TEC as an Enabler

KIIT-TEC creates an Ecosystem for Technology Development primarily in the state of Odisha by networking Industries (MSMEs) with researchers, institutes, universities, National laboratories, and regional laboratories in all possible ways by:

1. Allowing several industries to collaborate with KIIT-TEC as members/partner industries
2. Allowing several institutes to collaborate with KIIT-TEC as members/partner institutes
3. Showcasing tech-briefs of the technologies developed at academia at our platform

4. Showcasing industry problem statements that can be addressed by the researchers of academia for commercial collaboration or collaborative research
5. Showcasing Academia's/Industry's equipment and lab facilities on our platform to allow commercial access to public, other departments/academia and industries
6. Allowing faculty members to register as academia experts and showcase their capabilities/ services that can be useful to solve a specific technological problem and act as mentors.
7. Providing access to IP mining reports of different tech domain/industry categories in the dense technology area (Cluster Analysis)
8. Showcasing the IP portfolio of each partner institute/academia that is ready for commercialization.
9. Providing access to IP portfolio reports of the whole state of Odisha and other geography
10. Allowing member industries to showcase their materials, equipment, products and services that are useful to academia and KIIT-TEC members on our platform
11. Allowing industry mentors to register as experts on our platform
12. Providing access to several funding opportunities for proof of concept, prototype development, product trials, market entry and commercialization
13. Providing access to tailored mentorship, IP services, and other activities during technology-enabling
14. Allowing to book/attend an event or program for your industry/academia on innovation promotion or commercialization
15. Connecting industry/academia representatives (TEC ambassadors) for better coordination
16. Providing access to quick and free solutions for general industry problems as answered by academic experts/mentors
17. Providing access to the ongoing research areas in collaboration with KIIT-TEC
18. Providing free membership to all including academia/ industry/ expert/ mentor/ students/ innovators/ researchers
19. Providing access to other Indian TEC centers
20. Providing access to Investors (Shark Bank) for further funding opportunities and/or commercialization (Under process)
